norman denzin uses a series of performance pieces with historical contemporary and fictitious characters to provide a cultural critique of how a version of indians one that existed only in the western imagination was commodified and sold to a global audience

published for devotees of the cowboy and the west american cowboy covers all aspects of the western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of western culture with stunning photography and you are there reportage american cowboy immerses readers in the cowboy life and the magic that is the great american west

southern mountain mandolin is just one in an exciting series of 5 books exploring the music of the southern appalachian region included in this series are southern mountain banjo southern mountain dulcimer southern mountain fiddle and southern mountain guitar each book features vintage photos history instruction and music designed to accompany each instrument the mandolin edition offers a great selection of tunes in notation and tab and is a great way to learn and play southern mountain music a companion cd entitled southern mountain classics is available featuring the entire instrumental ensemble

in this intriguing narrative David Dary charts how American medicine has evolved since 1492 when New World settlers first began combining European remedies with the traditional practices of the native populations. It's a story filled with colorful characters from quacks and con artists to heroic healers and ingenious medicine men, and Dary tells it with an engaging style and an eye for the telling detail. Dary also charts the evolution of American medicine from these trial and error roots to its contemporary high-tech, high-cost pharmaceutical and medical industry, packed with fascinating facts about our medical past. Frontier Medicine is an engaging and illuminating history of how our modern medical system came into being.
